Asian Musculoskeletal Society (AMS) 26th Annual Meeting
held in conjunction with

SGCR
(33rd Annual Scientific Meeting Singapore Congress of Radiology)

And

WIRES
(15th Workshops in Interventional Radiology Education Singapore)

29 to 31 August 2025 at Singapore EXPO

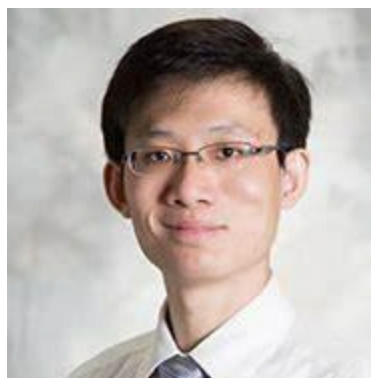

ORGANISING COMMITTEE

Assoc Prof Steven Wong
Organising Chairperson
President, Asian Musculoskeletal Society (AMS)

A/Prof Ankit Tandon
Chief and AMS
Scientific Chairperson

Dr Zhuang Kun Da
Scientific
Chairperson
(WIRES)

Dr Low Ying Liang
Scientific Chairperson
(SGCR) and Lead for
Abstracts

Dr Margaret Lee
Treasurer

Organising Chairperson

Assoc Prof Steven Wong
President, Asian Musculoskeletal Society (AMS)
Sengkang General Hospital, Singapore

Chief and AMS Scientific Chairperson

A/Prof Ankit Tandon
Senior Consultant, Tan Tock Seng Hospital,
Singapore

Scientific Chairperson, WIRES

Dr Zhuang Kun Da
Senior Consultant, Singapore General Hospital, Singapore

Scientific Chairperson, SGCR and Lead for Abstracts

Dr Low Ying Liang
Consultant, National University Hospital, Singapore

Treasurer

Dr Margaret Lee
Consultant, Sengkang General Hospital, Singapore

ORGANISING COMMITTEE

AMS Scientific Track

 Prof. James Griffith
AMS Scientific Track Lead
Chairman of the Dept of Imaging & Interventional Radiology,
Prince of Wales Hospital, The Chinese University of Hong Kong

 Dr Kenneth Cheung
AMS Scientific Track Lead
Radiologist, Prince of Wales Hospital and North District
Hospital, Hong Kong

MSK Radiology and Spine & Trauma Track

 Dr Dorinda Chew
MSK Radiology and Spine & Trauma Track Lead
Associate Consultant, Singapore General Hospital, Singapore

Cardiac Radiology Track

 Dr Srujana Ganti
Cardiac Radiology Track Lead
Consultant, Sengkang General Hospital, Singapore

Mayo Clinic Masterclass Track

 Dr Shawn Kok
Mayo Clinic Masterclass Track Lead
Consultant, Sengkang General Hospital, Singapore

Asian Imaging Informatics and AI Summit Track

 Dr Tan Min On
Asian Imaging Informatics and AI Summit Track Lead
Consultant, Sengkang General Hospital, Singapore

Organising Committee

 Assoc Prof Steven Wong
Organising Chairperson
President, Asian Musculoskeletal Society (AMS)
Sengkang General Hospital, Singapore

 A/Prof Ankit Tandon
Chief and AMS Scientific Chairperson
Senior Consultant, Tan Tock Seng Hospital,
Singapore

 Dr Zhuang Kun Da
Scientific Chairperson (WIRES)
Senior Consultant, Singapore General Hospital, Singapore

 Dr Low Ying Liang
Scientific Chairperson (SGCR) and Lead for Abstracts
Consultant, National University Hospital, Singapore

 Dr Margaret Lee
Treasurer
Consultant, Sengkang General Hospital, Singapore

AMS Secretary

 Prof Rosy Setiawati
AMS Secretary
Professor of Musculoskeletal Radiology
Faculty of Medicine, Universitas Airlangga, Indonesia

Nursing Track

 Srs Pey Jia Choo
Nursing Track Lead
Senior Nurse Manager, Sengkang General Hospital, Singapore

Allied Health Track

 Ms Denise Choong
Allied Health Track Lead
President, Singapore Society of Radiographers
Principal Radiographer, National University Hospital, Singapore

Abstract Management

 Dr Rebekah Lee
Abstract Management Lead
Associate Consultant, Singapore General Hospital, Singapore

Social Programme

 Dr Nicole Kessa Wee
Social Programme Lead
Consultant, Tan Tock Seng Hospital, Singapore

AMS Youth Team

 Dr Stefanie Yip
AMS Youth Team Chief
Assoc Consultant & Honorary Clinical Assistant Prof.
Prince of Wales Hospital, The Chinese University of Hong
Kong,, Hong Kong

Programme Highlights

PROGRAMME HIGHLIGHTS

Musculoskeletal Radiology

Global Voices that Resonate, Messages that Matter. Key Speakers: Prof. Donald Resnick, USA. Prof. Bruce Forster Vancouver, Paris Olympics Lead Radiologist. Prof. Christine Chung USA, ISS President-Elect. Prof. James Griffith, Hong Kong. Assoc. Prof. Wong Bak Siew Steven, Singapore, AMS President.

SRS Meets Mayo Clinic- Abdominal Imaging Masterclass

Elevate your expertise in abdominal imaging at this collaborative event between Mayo Clinic and SRS featuring an exceptional lineup of renowned abdominal radiologists from Mayo Clinic and Singapore.

Cardiac Imaging

Highlights include expert local and international speakers, discussions on photon counting CT and a comprehensive, hands-on CT Coronary Angiogram interpretation course.

Artificial Intelligence and Informatics

Radiology AI and Informatics: Revisiting our Past, examining the Present and crafting our Future in the region.

Interventional Radiology

Experience a comprehensive interventional radiology conference covering a broad spectrum of topics, with a special emphasis on musculoskeletal interventions.

Scan the QR code to find out more!

Register at www.SGCR-WIRES.com/AMS2025

PROGRAMME OVERVIEW* - Day 1

Start Time	End Time	AMS Track	AMS-SGCR-Track	SGCR Track 1	SGCR Track 2	WIRES Track	
08:30	10:00	Plenary Lecture: Radiology at the Paris Olympics	MSK Oral Presentations	AI & Informatics: Past, Present and Future of Radiology Health Information	Non-MSK Oral Presentations	WIRES Oral Presentations	
10:00	10:30	AM Coffee Break					
10:30	12:30	Opening Ceremony FY Khoo Lecture					
12:30	13:30	Lunch Symposium					
13:30	15:00	MSK: Degenerative and Inflammatory Disorders of the Vertebral Column: Imaging-Pathological Correlation	MSK, Emergency & Spine Imaging: Concepts in Soft Tissue tumour imaging - what needs biopsy or excision?	AI & Informatics: RIS/PACS systems, future proofing. Computer Vision in Radiology workflow	SRS Meets Mayo Clinic: Overview And Updates In Liver Imaging	WIRES: Musculoskeletal Interventions (I): Embolisation and more	
15:00	15:30	PM Coffee Break					
15:30	17:00	Keynote Lecture: The Role of CT-like imaging in MSK	MSK, Emergency & Spine Imaging: Role of MSK Interventions in Tumor Treatment and Palliative Care	AI & Informatics: Current state and future state of Radiology Systems in the region in the age of AI: Background of current systems in practice	SRS Meets Mayo Clinic: Pancreaticobiliary Pathologies Demystified	WIRES: Portal Hypertension	

*Information subject to change

PROGRAMME OVERVIEW* - Day 2

**Information subject to change*

Start Time	End Time	AMS Track	AMS-SGCR-Track	SGCR Track 1	SGCR Track 2	WIRES Track	
08:30	10:00	Keynote Lecture: Synovium and Cartilage	MSK, Emergency & Spine Imaging: Deep Learning-Assisted Reconstruction and Image Optimization for Enhanced Peripheral Nerve Imaging	Cardiac Imaging: Practical Insights and Future Directions	Nursing	WIRES: Venous Thromboembolism	
10:00	10:30	AM Coffee Break					
10:30	12:30	Keynote Lecture: Common Overlooked Injuries on Knee MRI	MSK, Emergency & Spine Imaging: Ultrasound Techniques in the Assessment of Bone Status	Comprehensive Cardiac Imaging: The Value of a Multi-Modality Approach	SRS Meets Mayo Clinic: Updates in MRI Prostate	WIRES: Musculoskeletal interventions II	
12:30	13:30	Lunch/Symposium: Of Skeletons, Scholars and Sleuths: A Look Back, A Look Around, and A Quick Look Ahead					
13:30	15:00	Keynote Lecture: Whole body MRI of Multiple Myeloma	MSK, Emergency & Spine Imaging: Carpal Instability	CRS Leadership Lecture	SRS Meets Mayo Clinic: Essentials in Female Pelvic Imaging	WIRES: Hepatobiliary Interventions	
15:00	15:30	PM Coffee Break					
15:30	17:00	MSK: Diabetic Foot: When It's Infection and When It's Not?	MSK, Emergency & Spine Imaging: Cervical Spine Trauma: Imaging Features and Treatment Related Changes	AI & Informatics: Current state and future state of Radiology Systems in the region in the age of AI: Problems, solutions and wishlists	Thriving in Residency + Quiz	WIRES: Arterial interventions	

PROGRAMME OVERVIEW* - Day 3

Start Time	End Time	AMS Track	AMS-SGCR-Track	SGCR Track 1	SGCR Track 2	WIRES Track	
08:30	10:00	MSK: Target Area Approach to Arthritis: Selected Sites of Involvement	MSK, Emergency & Spine Imaging: AMS Youth Forum	AI & Informatics: AI (LLM) in practice	Radiographer Track	WIRES: Lymphatic and Thoracic Interventions	
10:00	10:30	AM Coffee Break					
10:30	12:00	Keynote Lecture	MSK, Emergency & Spine Imaging: The Ankle Fracture: Understanding Mechanisms and What to Look For	Radiographer Track	SRS Meets Mayo Clinic: Oncological Imaging for the Abdominal Radiologist	WIRES: Genitourinary and Gastrointestinal Interventions	
12:00	13:30	MSK: Orthobiologics - Current Evidence and What Lies Beyond the Horizon	MSK, Emergency & Spine Imaging: Proposed New Grading System For Ligament Tears In MRI And Ultrasound Which Correlate With Residual Function Of Ligament	AI & Informatics: Research and education on Medical Informatics and Radiology AI: Where is Radiology training lacking and where do we go from here?	SRS Meets Mayo Clinic: Trends in Abdominal Imaging: Embracing the future and lessons from Mayo Clinic	WIRES: Morbidity and Mortality	
13:30	14:00	Closing Ceremony/Lunch					

*Information subject to change

Musculoskeletal Radiology And Spine Imaging Track

Overview of AMS-SGCR

- Focus on the latest advancements and emerging trends in musculoskeletal imaging.
- Collaboration between esteemed international and local experts.

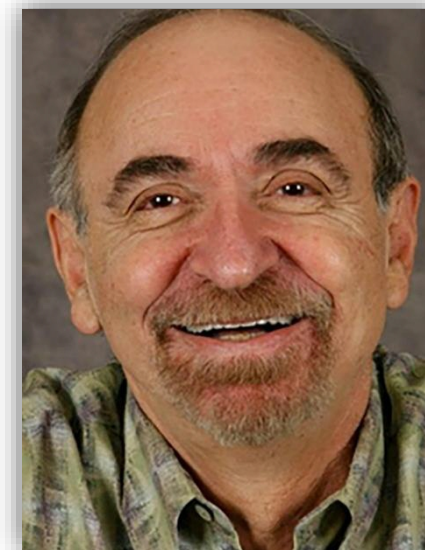

Key Session Formats

- Dynamic mix of keynote lectures, hands-on workshops, and panel discussions.
- Interactive case discussions to provide real-world clinical context.

Benefits for Attendees

- Tailored sessions addressing unique imaging challenges in musculoskeletal radiology.
- Opportunities for collaboration, knowledge exchange, and professional development.

FEATURED SPEAKER

Prof Donald Resnick

Professor Emeritus of Radiology and Former
Chief of Osteoradiology,
University of California, San Diego (UCSD)

Cardiac Radiology Track

- **Comprehensive Cardiac Imaging:** Covers technical aspects, scan interpretation, and clinical management integration.
- **Latest Advancements:** Includes discussions on photon counting CT technology.
- **CT Coronary Angiogram (CTCA) Workshop:** Hands-on training for systematic interpretation and case reviews, tailored for radiologists and cardiologists.
- **Expert Faculty:** Features international and local specialists sharing insights.

FEATURED SPEAKERS

Dr Koh Si Ya Natalie
Consultant, Cardiology,
National Heart Centre Singapore

Assoc Prof Calvin Chin
Senior Consultant & Director,
Cardiac Magnetic Resonance
Imaging, National Heart Centre
Singapore

Dr Keh Yann Shan
Interventional Cardiologist,
National Heart Centre Singapore

Mr Ng Jia Jun
Senior Principal Radipgrapher,
Sengkang General Hospital

SRS Meets Mayo Clinic - Abdominal Imaging Masterclass

Overview of the Masterclass

- Inaugural **SRS Meets Mayo Clinic Abdominal Imaging Masterclass**.
- Features a distinguished panel of Mayo Clinic Body Imaging Professors and experienced Singaporean faculty.

Comprehensive Curriculum

- Liver, pancreas, and biliary system.
 - Prostate and female pelvis.
 - Abdominal oncology.
- Focus on both emerging trends and established practices in abdominal imaging.

FEATURED SPEAKERS

Prof Christine 'Cooky' Menias
Professor of Radiology,
Mayo Clinic School of
Medicine

Prof Kumar Sandrasegaran
Professor of Radiology,
Mayo Clinic School of
Medicine

Prof Sudhakar Venkatesh
Professor of Radiology,
Mayo Clinic School of
Medicine

Prof Kim Chan Kyo
GU Radiologist,
Samsung Medical Center,
Sungkyunkwan University School
of Medicine

Asian Imaging Informatics and AI Session Highlights

- DICOM History and Future
- RIS/PACS architecture and future designs. Problems with current systems and storage. Solutions.
- Computer vision in Radiology. Impact and translating it into clinical outcomes- Fracture detection
- Foundations models and LLM in Radiology- reducing or removing manpower with machine
- The current state and problems faced by Radiologists in the region- country to country discourse and description

FEATURED SPEAKERS

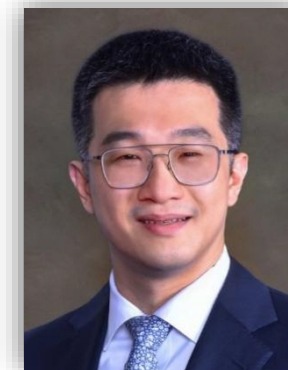

Dr Woo-Jin Kim
Chief Medical Information Officer,
Rad AI

Dr Jim Whitfill
SVP, Chief Transformation
Officer, HonorHealth & ASU
School of Medicine

Dr Ting Yonghan
Radiologist,
National University Health
System

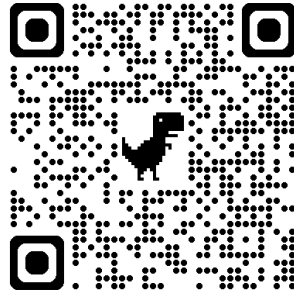

Asst. Prof Alvin Soon
Asst. Professor, Lee Kong Chian
School of Medicine
Consultant, Tan Tock Seng
Hospital

WIRES Session Highlights

- Peripheral arterial interventions
- Dialysis Access interventions (AVF / AVG, EndoAVF, Thrombolysis)
- Musculoskeletal interventions (vertebroplasty, spinal implant, MSK embolisation)
- Musculoskeletal / pain interventions (nerve blocks, neurolysis, etc.)
- Morbidity and Mortality
- VTE (DVT and PE)
- Hepatobiliary interventions (liver ablation, cholangioscopy, etc)
- Genitourinary interventions (renal ablation, ureteric embolisation, prostate artery embolisation)
- Thoracic interventions (lung ablation, air leak management, bronchial artery embolisation)
- WIRES scientific paper presentations
